Our priority is the safety of our customer and their pets. We are supporting an investigation by the food and veterinary authorities into a possible safety issue affecting cats.

Whilst there is no evidence our products have been affected we are voluntarily recalling a selection of wilko branded dry products as a precautionary measure.

For now, we recommend that you do not feed them to your cat. If you have bought any of these products please return them to store for a full refund.

We have a wide range of alternative dry cat food brands available in store and online for your convenience.

Nothing matters more to us than our customer safety so if you've purchased this product from us, please return it to any of our stores for a full refund of the purchase price.

Please note this recall only applies to the products shown above.

If you have any questions, please contact your local wilko store or call the wilko Customer Care Team free on:
