

Warnings

 READ ALL INSTRUCTIONS BEFORE USE. PLEASE RETAIN PACKAGING AND INSTRUCTION LEAFLET FOR FUTURE REFERENCE.

WARNING

Suffocation Hazard--
Not for children.

WARNING-- To reduce the risk of serious personal injury:

- Keep the product out of the reach of children and pets. This product is not intended for children use.
- Do not exceed the maximum loading capacity : 10kg (per shelf).
- Do not stand on the product or use it as a stepladder.
- Use only manufacturer recommended or supplied accessories or attachments.

CAUTION--To reduce the risk of personal injury or product damage:

- This product is intended for outdoor, non-commercial, non-industrial, household use as a greenhouse. Do not use the product for any other purpose.
- Place larger pots/plants on the bottom shelf to avoid a possible tip hazard.
- Do not place the product near heat or open flames.
- Always place the product on a flat, even and stable surface.
- Ensure all parts are securely assembled prior to use.
- Do not use the product if it is damaged or if the parts show any signs of instability or wear.
- Do not place the product on slippery surface.
- At the end of growing season, the growing enclosure should be disassembled and stored indoor to prolong the product lifetime.

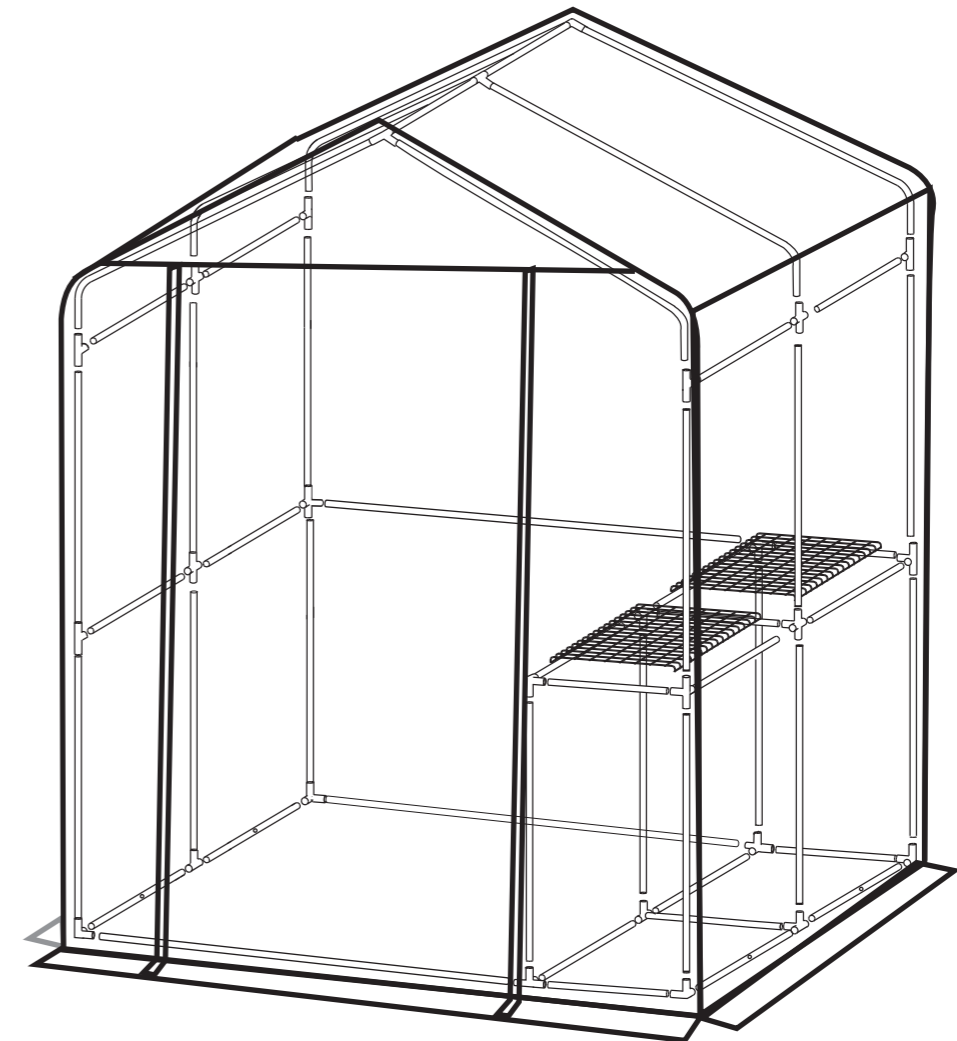

This is in addition to your statutory rights.

Assembly

STEP 1:

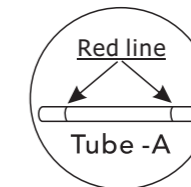

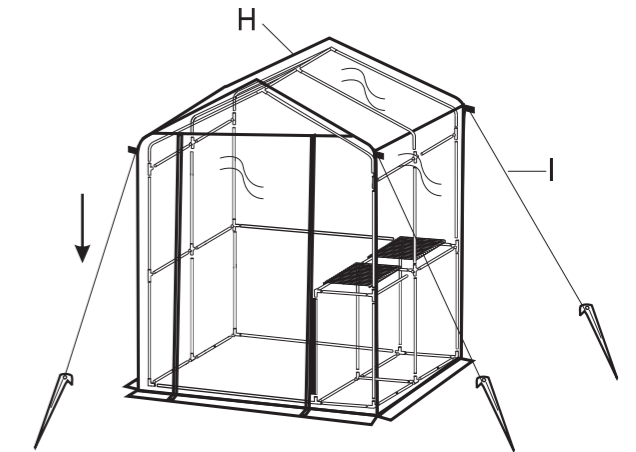

Line drawing for illustrative purposes only.

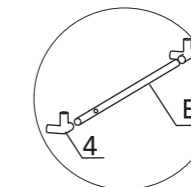

Before placing the greenhouse cover on the frame, please make sure:

- All metal tubes and plastic connectors have been tightened at both vertical and horizontal directions.
- All zippers of greenhouse cover must be opened.

STEP 2:

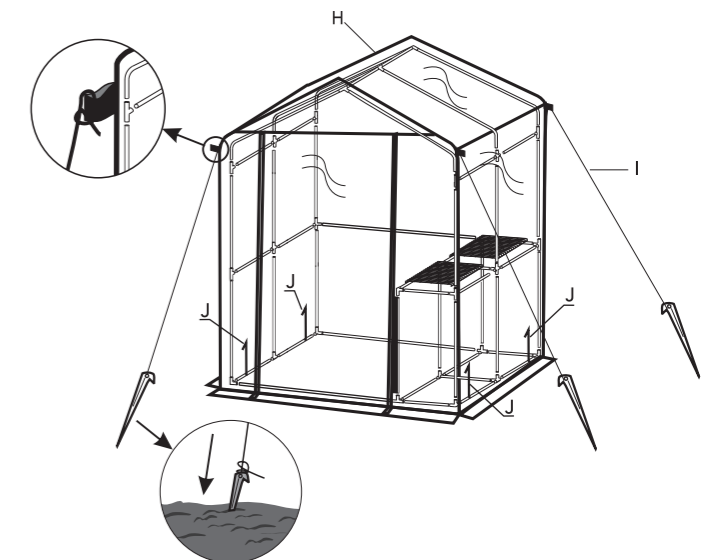

Note: Ensure that the two red lines are completely covered after fixing tube(A) by plastic connector

Note: all 4 pcs of Tube-E are inserted with the perforated end into the Plastic connector-4.

STEP 3

Instructions for use

Note:All the tubes and plastic connectors will be marked with the appropriate identification label.

1. Fix the tube (A), (B), (C), (D), (E), and (F) by plastic connector (1), (2), (3), (4), (5), (14) and (15) as shown in Step 1.
2. Make sure all metal tubes and plastic connectors have been tightened at both vertical and horizontal directions.
3. Place the metal shelf (G) on the greenhouse frame (tube D) as shown in Step 2.
4. Open all zippers from greenhouse cover (H).
5. Place the greenhouse cover (H) on the frame as shown in Step 2.
6. Secure the cover with plastic pegs and cords (I) as shown in Step 2.
7. Secure the frame with metal pegs (J) as shown in Step 3.
8. Secure cover (H) on the frame (tube B) by using the ties provided at the interior of cover.
